Dear Rob,

Many thanks for the Salt Lake County Bar's donation of \$1,000.00 to the Pro Bono Initiative. The Salt Lake County Bar's faithful support is critical in sustaining the Initiative's effort to help with specific pro bono cases and public interest work by placing volunteer law students directly with attorneys in the community.

As you know, the Pro Bono Initiative serves students, attorneys, and the community. Student volunteers gain a wide range of legal experience and develop the professional ethic of public service. Attorneys receive student assistance in their pro bono efforts, and the availability of this assistance makes it possible for more attorneys to engage in pro bono work. **We encourage you to remind the attorneys with whom you work of the assistance our students can provide in their pro bono endeavors.** Finally, the Initiative serves the community by expanding the availability of legal help to those unable to afford it. Many individuals appreciate the support given to the Initiative by our students and community attorneys.

Your contribution helps ensure adequate funding and allows further expansion of the program. If you have any questions or comments please let me know. Again, we are so grateful for your support.

Sincerely,

Kristin A. Erickson  
Director, Pro Bono Initiative
