### FIND IT FAST.

Use three timesaving ways to search:

- 1) Natural Language searching;
- 2) field templates ("fill-in-the-blanks"); and
- 3) traditional Boolean methods, as well as sentence and paragraph connectors. Direct connection to Westlaw® lets you easily expand your research online.

### GET IT RIGHT.

*P2d on CD-ROM* starts with trustworthy, authoritative primary materials. Exclusive headnotes summarize each point of law. Synopses give you a concise summary of the issue and procedural disposition of the case. West Group's exclusive Key Number System makes searching for "on point" cases completely compatible with your existing West Group library.

### GO HOME EARLY.

After you've found a case, built-in word processing functions make document preparation simple.
