

Dear colleagues,

We have had quite a year! 2020 will certainly go in the record books for both accomplishments and challenges. Through it all, know that your colleagues at the Bar wish you wellness and safety.

With the uncertainty of COVID-19 and health restrictions continuing through the end of the calendar year, we remain vigilant for our membership and are planning accordingly for 2021.

March 25 - 27 are the dates scheduled for our annual Spring Convention in St. George. Noting that we may remain under gathering restrictions and that many are likely to still be cautious, the Bar Commission and the Convention Co-Chairs have decided to change our event to a "Virtual" Convention.

Please save the dates and plan to join us online!

We will be creating an innovative schedule including sessions with national and local faculty for you to be part of. We will keep you posted as details develop and look forward with hope to safely gather in person later in 2021!

The CLE Department
